LETTER OF RECOMMENDATION

To Whom It May Concern,

It is my privilege to recommend Mr. Krushna Sunil Jape, an enthusiastic and talented student currently pursuing his B.Tech in Computer Science and Engineering (Artificial Intelligence & Machine Learning) at Sanjivani University, Kopargaon.

Krushna has consistently demonstrated excellent academic performance, a strong grasp of technical concepts, and a keen interest in the field of Artificial Intelligence. His proficiency in programming, data analysis, and model development is reflected through his work on several innovative and impactful projects.

His project portfolio showcases his ability to apply theoretical knowledge to practical problem-solving. Notably, he has developed projects such as Prostate Cancer Detection using Machine Learning, Heart Disease Prediction using Machine Learning, Jarvice – an AI Assistance System, and a Smart Parking System with Digital Display Integration. These projects reflect his analytical mindset, problem-solving ability, and commitment to leveraging AI for real-world applications.

In addition to his technical expertise, Krushna has shown a genuine interest in expanding his global competence by learning the German language, demonstrating his openness to cross-cultural learning and adaptability in an international environment.

Krushna is a hardworking, disciplined, and creative individual who thrives both in team collaborations and independent research. With his technical acumen, curiosity, and dedication, I am confident he will excel in his academic and professional pursuits and make meaningful contributions to the field of Artificial Intelligence.

I wholeheartedly recommend Mr. Krushna Sunil Jape for his future academic or professional opportunities, assured that he will bring innovation, commitment, and excellence to any institution or organization he joins.

Sincerely,

Dr. Kiran N. Wakchaure
